

HCK™

DESCRIPTION:

A special blend of bioflavonoid and Vitamin C with Zinc and Amino Acids.

BENEFITS:

This product is designed to provide optimal levels of Vitamin C, Vitamin K and Zinc in a Hesperidin Complex base. It will help most horses with minor respiratory distress, especially with the prevention and combating of bleeding problems in horses that are involved in training and competition.

Biovet HCK™ contains no prohibitive substances and may be used during racing and competition.
